About Symposium

Indian Institute of Technology (IIT) Guwahati is organizing the first national symposium on retransforming Bharatiya Education, Science and Technology (BEST 2017): Uttar-Purva Bharat – A mystic region of the paradise from October 06 – 08, 2017 in association with Gauhati University and Bharatiya Shikshan Mandal. BEST 2017 is the inaugural symposium being held first time in Bharat to address various issues related with the country, to study these problems and finding solutions of these problems through Bharatiya Education, Science and Technology. This symposium is targeted to be held biennially across the country. In true sense, BEST 2017 is a focused event encompassing themes related to various disciplines of languages, art, culture, traditional science and technology. The objective of the symposium is to bring academicians, research scholars, students, industries and government on a common platform to share new ideas, experiences, and knowledge for research for resurgence. The program will consist of peer-reviewed paper presentations in parallel technical sessions. In addition, keynote lectures, presentations by government and industry professionals, panel discussions, workshops and poster presentation will be conducted during the symposium. Such interactions will facilitate better understanding about developments all across the country amongst the peers which is required to boost progress in many verticals. This symposium will certainly ignite the minds for undertaking more interdisciplinary collaborative work not only for the upgradation of life and social needs but also the ways to make our country world power once again.

Researchers, academicians and professionals are invited to submit paper in the topic of interest (but not limited to)

- Traditions and faiths
- Languages and Literature
- Folklore
- Economic Issues (Trade, Commerce, Agriculture etc.)
- Science and Technology
- Traditional Knowledge System
- Literacy to Education
- Anthropological and Demographic Issues
- History, Legend and Mythology (Purana)

About US

Indian Institute of Technology Guwahati

Indian Institute of Technology Guwahati, the sixth member of the IIT fraternity, was established in 1994. The academic programme of IIT Guwahati commenced in 1995.. Within a short period of time, IIT Guwahati has been able to build up world class infrastructure for carrying out advanced research and has been equipped with state-of-the-art scientific and engineering instruments.

Centre for Linguistic Science & Technology is an academic centre at IIT Guwahati. The structure of centre is interdisciplinary, diverse projects involving various streams of specialization will contribute towards building a knowledge base and developing technologies for the NE languages in particular. Some collaborators in centre are already in possession of sponsored projects that are run in an interdisciplinary manner. For example, the DeitY sponsored project aimed at archiving and preserving speech data has interdisciplinary research interests.

Gauhati University

Gauhati University was established by an act of the State Legislature, namely, the Gauhati University Act 1947 (Assam Act, XVI of 1947), of the Government of Assam in the year 1948. The University is funded by the University Grants Commission and the Government of Assam. The University is in its 58th year of existence, and is the oldest, the largest, and the most premiere seat of higher education in the entire Uttar-Purva Region of Bharat.

Bharatiya Shikshan Mandal

Bharat had been a world leader in all fields of knowledge – scientific and humanistic. The British system aimed at destroying the inclusive, value-based education imbued in national pride that led to realization of one's identity. It is unfortunate, that although the British left Bharat, they left behind a legacy of a colonial mindset that is still implementing this destructive educational system. It has created a lost generation devoid of national pride and self-identity. Bharatiya Shikshan Mandal started its work in the educational sector in 1969 with a view of awakening patriotism and nationalism.

Call for Paper

Soft copies of papers should be submitted as a .pdf file as per the conference paper format available on website. Submission should not exceeding six A4 size pages and soft copy of the paper should be uploaded on the symposium web site.

There will be double blind review of the paper. Therefore do not include authors' name in submitted paper. A Paper with authors' names will not be considered for review. The paper must include an abstract of about 250 words and maximum of five keywords related to the topic of the paper.

Authors of the accepted papers will be informed by email. Information about necessary revisions will be communicated to the corresponding author through email. The author(s) will have to incorporate the suggestions and will have to send the revised camera ready copy of the paper in the given time limit.

Along with the paper, authors are required to submit an undertaking form stating that, the paper has not been published previously, is not under consideration for publication elsewhere, and if accepted will not be published elsewhere in the same form.

It is mandatory for at least one of the authors to register in non-student category for publication of the paper in proceedings. For the author presenting more than one papers, it is mandatory to register and present each paper separately.

The paper accepted for oral presentation will be published and will be available online provided the following conditions are fulfilled: (a) it strictly complies with conference paper formatting guidelines, (c) the paper is presented in the conference by at least one of the registered authors and (d) the filled and signed copy-right transfer form is submitted along with the paper, (e) the paper must pass plagiarism check.

There will be a limited number of fellowships available for the students of North-East. For further details, please visit <http://www.iitg.ernet.in/best17>
