“

Mihir Joshi

Chief Convener , SEEDS

has almost two decades of experience in Disaster Management and Recovery. It began after the Gujarat earthquake of 2001 where he worked on reconstruction and led a team engineers and construction workers to implement mason training certification courses. Over the years, Mihir has led SEEDS' technical teams on various reconstruction works.

He's imparted trainings nationally and internationally. He has also served as the Coordinator for the Asian Disaster Reduction and Response Network, forging partnerships across the region.
